HONORS BOOTH OPTIONS

Arizona Pathfinder Honors Day– Presentation Guidelines

During the Arizona Pathfinder Honors Day, each Pathfinder Club will be responsible for presenting an honor of their choice within a one-hour time frame. The primary objective of these sessions is **not** to complete the honor in its entirety, but rather to introduce participants to the subject, engage them in as many requirements as can reasonably be covered within the allotted time, and inspire further exploration.

Presenters are encouraged to:

- Provide a clear overview of the honor and highlight its significance.
- Actively engage attendees in hands-on activities or discussions that fulfill selected requirements.
- Reserve adequate time for participant questions, clarifications, and group interaction.
- Motivate and challenge Pathfinders to continue working toward the completion of the honor once they return to their home clubs.

In some instances, the instructor may also need to guide participants on **how** to complete the remaining requirements independently, offering practical advice, recommended resources, or step-by-step approaches.

The goal of each presentation is to create an inspiring and educational experience that equips Pathfinders with both the knowledge and motivation to fully complete the honor.

*If your club would like to choose a different honor that is not on the list, please send the name of the honor to the Conference Office and ensure that it is not a Pathfinder Investiture Requirement honor.
